

Dear Parents,

In our continuous efforts to provide the best possible care to our campers and staff, Camp Foss is once again partnering with CampDoc.com.

CampDoc.com is an electronic health record system for camps, and will help us consolidate and integrate camper health information into a centralized and secure location. Their system will give our doctors and nurses instant access to camper health information, a key component in providing quality patient care.

The security, confidentiality and privacy of your camper's personal health information will always be protected. Only Camp Foss' health staff will have access to camper health information, and the CampDoc.com site is secure, encrypted and password protected.

**RETURNING CAMPERS:**

You will receive a notification e-mail from CampDoc.com with information about how to review and complete your camper's health information.

We are excited to continually evolve - building safer, more productive and more efficient systems to create the best experience for you and your family.

We can't wait to see you this summer,
